

Project Implementation Report

Project Title:

Objectives of the Project:

1.
2.
3.

Activities Conducted:

1.
2.
3.

Location of Work (Specify the location in detail):

Project Duration (Specify the dates, month, year):

Organizing Department:

Project Advisor:

Responsible Student for the Project:

Number of Participants in the Project:

- KMUTT Students: Number people
- Faculty Members: Number people
- Staff Members: Number people
- Students (from schools): Number people
- Community Members: Number people

Project Implementation Results According to the Project Plan

Writing Instructions:

1. Provide a report on the implementation results.
2. Specify the Output, Outcome, and Impact of the project.
3. Write a discussion and analysis of the results based on the project evaluation data, including:
 1. The project's objectives,
 2. Evaluation data according to the KMUTT Student QF, and
 3. Results from the project evaluation committee. Include a graph to present the evaluation data more clearly (for student activity organization projects only).
4. Report on the problems, obstacles, and suggestions from the project participants.
5. Attach images that depict the nature of the project implementation, along with a brief description.

6. Include interviews with project participants.

Project Expenses

Funding sources	Planned budget (THB)	Actual expenses (THB)
Budget requested for support through the organization's administration		
Budget requested for support through the faculty/department
